

Continental Music Company

New York City

- 1903 Continental Music Co, 17 W. 28th St, Manhattan (Polk's directory).
- 1905 Continental now adds a second address at 1178 Broadway (Polk's).
- 1906 This is the last year that they are listed in Polk's.

Photos here are from Horn-u-copia.net.

The cornet in photo 1 matches the Bohland & Fuchs model 13000 that was introduced in 1914. This would imply that Continental Music survived past the 1906 end date in the Manhattan directory.

The trumpet in photo 2 has "Bohemia" marked on the inlet and the most likely source would have been Bohland & Fuchs in Graslitz; now Kraslice, Czech Republic.

17 West 28th St and 1178 Broadway are the same building constructed in 1902 (below). The Broadway entrance is on the far right.
