Station notes:

1. The D&H shelter was built in 1911.
2. Last timetable listing is 1931 so the station was probably sold to the farm to the north and used for a shed.
3. Current shelter location.

Track note:

1. The siding was 825' long and removed probably in the 1950's.

Scale: 1" = 160'
