

Getzen Surviving Brass Instruments

Serial #	Date	Instrument	Model	Description
	1939	Getzen starts business in Elkhorn, WI doing repairs.		
	1946	Start of trombone production mid-year and producing about 1,000 (Getzen website history).		
1	1946			
1000	1947			
	1947	Start of trumpet and cornet production.		
		Serial numbers to 1963 are based on a graph made from just a few points, so not very accurate at this time. This was updated on 11/15/24 based on purchase date claims & receipts.		
T720	1947	Trombone	Tenor	“Thor” on bell; Getzen stencil [Trombone Chat, 2019]

1963 Production ended with the fire on October 14.				

Series A

1964 “A” prefix starts in March at the new facility. Doc Severinsen starts working with Getzen in 1962 to design the 900 series Eterna and 590 series Capri introduced in fall of 1964. The Eterna cornets were the 800 series and early examples have a three-digit serial number starting with 8 (Nick DeCarlis). Brett Getzen reports that the “EC” prefix for the Eterna cornets starts c.1967.

1964 to 1979 Eterna trumpets use a “SK” prefix for Severinsen-Knowlton.
